ARNETT IN SOLID AS KING OF BADMEN

Though he's taken a long time to assert his authority, Frank Arnett has finally found his niche as king of the badmen.

The object of unexpected challenges from Bob Peers and Rudy Balon through the first half of the season, Crash has finally shaken off his tormentors and today has a handy 11-minute lead in the penalty derby.

One of only two Spurs who has yet to score this season, Arnett has balanced the scale by hitting, holding, elbowing, etc. for 86 penalty minutes. Peers has fallen off to the runner-up slot with 75, with Balon a distant third at 57.

Situated at the opposite extremes are Gord Cowan and Carl Forster who have yet to receive their first penalty.

HECTIC SUMMER IN PROSPECT FOR WCSHL

The apparent 'growing pains' which the Western Canada Senior Hockey League has been suffering from most of this season, does not appear to be a major issue with league president Bud Holohan.

"We've had our problems, I'll agree," said Holohan in Winnipeg last weekend, "but we weren't kidding ourselves in believing this would be an easy year. Though we've still got a few problems to iron out, I believe the future of the league is secure."

Holohan believes that the key to the success and continued expansion of the league rests almost wholly with the Canadian Nationals. And, despite persistent rumors to the contrary, Holohan leaves little doubt that the Nats will be very large on the WCSHL scene again next autumn.

"Let's face it, all this talk about the Nats looking elsewhere for competition doesn't affect us in the slightest," said Holohan. "They're talking about getting games with National League clubs but I'm sure that wouldn't include more than half a dozen in total. The idea of them joining an international league with European teams has gone down the drain but even if it had come about, that would have consisted of only 10 or 12 games. What the Nats need is regular competition and the only place they're going to get it is in the Western Canada Senior Hockey League."

Holohan, therefore feels that the Nats' return is a mere formality and any suggestions to the contrary are merely an attempt to prod some of the other operators to get their houses in order.

He points out that all the outward signs indicate as much. The Nats already have said that they wish to enlarge their entourage to approximately 40 players so that there would be continuous competition for jobs with the 'A' team. They claim to have applications on file from many of the top juniors in the country who are willing to throw in their lot with the Nats next campaign. The plan would call for a gigantic training camp in Winnipeg in early fall. The approximately 20 boys who wouldn't make the main club would supposedly be farmed out to clubs within the league but, much as in a pro operation, would be on call to the big club for major competitions such as the world tournament. This would not only give the youngsters keen competition but at the same time enable the Nats' management to keep an eye on their progress.

The Nats, apparently, also hold the answer to the inclusion of the U.S. in the WCSHL on a full-time basis. Holohan said that during the Grenoble Olympics he had three separate discussions with U.S. manager-coach Murray Williamson on the possibility of the Yanks coming into the league. Williamson indicated the U.S. would follow the Canadian Nats into any league they chose.

Also, Holohan claims there is great interest being shown in the circuit by interests in Regina and Moose Jaw. He does not feel that stocking players would be any great problem if the operators would put solid effort into the project.
